Advantages of getting a Passenger Hoist on rental from us

- **Avoid upfront investment**
- **No down payment**
- **Tax savings**
- **We provide a trained operator**
- **Pay a fixed amount per month**
- **No maintenance worries**
- **Easy upgrades**
- **Great convenience**

During the construction phase on a high-rise building project, frequent movement of workforce occurs throughout the day. The safe, efficient and speedy movement of such a workforce greatly impacts the overall efficiency of the project. Keeping in mind such requirements, ElectroMech offers Passenger cum Material Hoists of various sizes on rental. There are various models capable of carrying people and material, and they can traverse at speeds of up to **63m/min**.
